

Spartacus Consulting, Inc.

Dental Insurance Costs | Effective Feb 1, 2026

PLAN COST: Spartacus Consulting pays 50% of the employee premium for dental insurance, as shown below. You are responsible for the remaining cost for yourself and for the cost of dependent coverage.

PLAN TYPE & PROVIDERS: This is a passive PPO plan using the Humana dental provider network. If you stay within the network, you will receive lower prices for dental services. If you receive services outside the network, there is no reduction in benefits, but Humana will pay based either on the usual & customary rate or the in-network rate and there is a chance you will be balance-billed.

FAMILY KEY: EO = Employee Only, ES = Employee + Spouse, EC = Employee + Child(ren), EF = Employee + Family
